MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Child Abuse Prevention Month - April 2008

1. Fort Monmouth renews it's commitment to protect our children and keep them safe during the National April 2008 Child Abuse Prevention Campaign.
2. We must always provide our children, and their parents and caregivers, with a strong supportive environment where children can be safe and thrive. This community supports awareness and education efforts to prevent child abuse, responds to keep children safe, and reports all incidents of child abuse and neglect.
3. Therefore, the Child Abuse Prevention Month Campaign for 2008 must reinforce the promises of the Army Family Covenant, to support Soldiers and Families. We are Army Strong. Now, in Child Abuse Prevention Month 2008, we need to show that we are Army **and** Community Strong in Keeping Children and Families Safe.
4. For additional information on the prevention of child abuse and neglect, contact Mr. Richard Myers, Family Advocacy Program Manager, at Army Community Service, (732) 532-2077.
